What will be the two-deep heading into the fall practices?

Well, hopefully the Roster can be up soon (up top) so this can be discussed better. I like Bell at PG and Wooden at Center. Kendrick will of course be a starter, but after than I am not so sure. I will put more thought into this later.

Top 12

Guards

Bell

Davis

Mangrum

Watson

Sturns

Forwards

Edwards

Stewart

Jackson

Posts

Wooden

Williams

Howerton

Muse

An early starters projection:

PG - Bell

SG - Davis

SF - Watson

PF - Williams

C - Wooden

Then coming off the bench you have some versatile players (the Howards), size (Howertson, Muse), but no pure ball handlers.
