## Just Did My DWTS bracket

I have Jason Taylor and his partner, beating Steve Guttenberg and his partner in the finals.

Upset special: I like that Fat Guy from Penn and Teller, sticking around longer, as a "Cinderella"...than most folks think he will.

Should be the best Dancing With The Stars.....Ever!!!

Note: This is a gag. If I ever "get into" any crap like Dancing With The Stars.....you have my permission to put a bullet in my noggin'.

:lol:

Alot of athletes on this year. They usually seem to do well, probably because they naturally know how to move. I figure it'll be another athlete this time.

And I only watched the show once.....live. One of my friends took me a couple years back because her roommate crapped out on her, so I did the gentlemanly thing and accompanied her. Not bad in the studio audience. Never actually watched it on the tube tho.

We were under tornado warnings most of the evening out here, and our ABC affiliate is the only one with a Doppler radar, so I was forced to watch a lot of DWTS last night, waiting for updates that it was OK to come out of the "safe room".

I didn't see anyone dance, but I do have one observation, the hostess is smoking hot.
