## George Washington game

---

I wasn't there, and only listened off and on, so I can't give a well reasoned analysis. However, I will say the team seemed ready to play, and focused. Several of the kids stepped up nicely, and the press seemed to really be effective at points.

However, we sorta melted down near the end. I attribute this to alot of new girls, but still disappointing.

Can we be a .500 squad this year?

=====
