I think we knew Marquis was headed out of town. It will remain to be seen what roll Crochere has on the team. I can remember Crochere (sp?) doing well in the playoffs many many years ago.

7 million coming off the books will help a lot at the end of next season. That also makes him tradeable for the Mavs, either soon or at the deadline.

So much for getting Mike James. From everything I was reading and hearing, the Mavs were the favorite to sign him, but I guess the Wolves' offer was too good.

It was reported on the ESPN radio Sportscenter that the Mavs signed Greg Buckner. Details of the contract weren't mentioned. Signing Buckner might mean that Griffen won't be resigned for another year.
