The fact that we don't have a baseball team, and our softball ladies have yet to have a breakthru season really does make the gap between Basketball and Football a long one. I do get into some of our non revenue sports, but they don't get much press, and except for Ladies Soccer are not Championship caliber yet.

Which, is another reason I've sort of been writing the recaps as a serial.

I'm getting over a 36 hour illness, but I may have some time to punch out Part 4 this weekend. If not it'll be sometime next week guys.
